Dear Customer,

We are extremely excited to present our newest product line to you. While we have made some changes, as always **i play.**TM remains dedicated to children and the fun and frolic, romp and rollick of play and learning experiences. We are also dedicated to you and the valuable feedback you provide.

We have been listening to your feedback and have come up with new products that fit our standards – durable, practical, affordable and designed to be big sellers in your business. We've kept our best products and discontinued the slow movers.

So what's new? In the SWIMGEAR department **i play.**TM is keeping up with the trend of sun protection with the new line of Solarweave® that is specially treated to have a 30 SPF providing 97%+ protection against UV rays. In Solarweave® we have Rompers, Shorts, Shirts, and Sunhats ... all in fun summer designs. Our new striped Lifeguard Suit gives extra coverage. It's not only very practical and durable but downright "adorable." The new Girl's One Piece now has a bow and ruffle and we've added a very stylish Sunsuit Set plus a Bathing Cap to the line. In order to streamline production and shipments, we have reduced the number of prints yet added more products.

Natural cotton continued to be the best seller in layette so we've included a new pastel "Garden Friends" print to satisfy a taste for a "sweet" natural cotton. It coordinates with our newest Scented Drawer Liner in the same pastel print. The Layette Set has been a great seller ... so we've added flannel prints for winter.

Our Laminated Bibs are snazzy, affordable and the best wipe off bibs around. We've added fun bibs with fresh designs at good prices and we're offering a substantial discount for higher quantities. Choices include playful screen prints, classic embroidery, quality pullover, terrycloth and cute dribblers.

With a name like **i play.**TM we knew including polar fleece and rain gear would be the perfect move and we're certain you'll move it right off the shelf and into the hands of very delighted customers this winter.

— For those of you who have been our customer we'd like to thank you for your continued business and all your feedback. We hope you'll be as excited about the additions and changes as we are. We appreciate and listen to your suggestions and act on them to give you satisfaction. If you're brand new to **i play.**TM ... welcome. We're looking forward to many years of working together.
